PLEASE NOTE: IF YOU ARE NOT A RESIDENT OF FRANKLINVILLE YOU SHOULD NOT COMPLETE THIS FORM

2025 Franklinville (including Village) Dog Census
Helping Our Four-Legged Friends and Their Families

The Town of Franklinville is rolling out a dog census (enumeration) this year! Think of it as a simple check-in to make sure every pup in town is counted, cared for, and covered.

This isn't about penalties—it's about keeping pets safe and our community strong. Licensing ensures that dogs are up to date on their rabies vaccinations, helps lost dogs find their way home, and gives the Town accurate records so we can better support residents and their pets.

A dog enumeration is another word for a dog census. It is a process in New York State where the Town checks to see how many dogs are living in the community, and whether they are properly licensed and vaccinated.

Why it matters
All dogs over four months old must be licensed with the Town Clerk. Licensing helps ensure dogs are up to date on rabies vaccinations, and it provides identification so lost dogs can be returned home quickly.

How it works
- A letter with a tear-off form and a return envelope will be mailed to all Town of Franklinville residents, including Village residents.
- On the form, you can indicate whether or not you have a dog.
- If the form is not returned, the Dog Control Officer (DCO) will visit the household in person to ask the households directly. The DCO will also spot check a percentage of the forms that are returned.
- Any unlicensed dogs will be provided with information on how to become licensed.
- If the DCO has to visit because a form was not returned and a dog was found to be unlicensed, a $25 enumeration fee will be added to the regular licensing fee.

What it means for residents
- If your dog is already licensed, simply complete and return the form - no additional fee will apply.
- If your dog is not yet licensed, you will need to complete the licensing process. Dogs licensed before the enumeration deadline of **October 14th, 2025** **will not** be charged the additional $25 fee, per dog.

Returning your form
- You may return the tear-off form in the provided envelope or drop it off at the town hall.
- You can also submit your census online by clicking the button below.

If you do have dogs to license, you will need to provide your current rabies certificate, spay/neuter certificate (if applicable) and submit your licensing fee:
$10 if the dog is spayed or neutered
$20 if the dog is NOT spayed or neutered

$25 Enumeration Fee, if the dog is not registered by 10/14/25.

Make checks payable to the Town of Franklinville

By filling out and returning your form, you're helping Franklinville stay safe, healthy, and a dog-friendly community. 🐶🐕
